PARTNERSHIPS

The POD program also works in partnership with other organisations to build capacity in working with people from refugee backgrounds. Examples include design and delivery of a reflective practice project across the whole of an agency, or a series of workshops addressing a specific theme.

PROFESSIONAL DEVELOPMENT FOR YOUR ORGANISATION

The Foundation House Professional and Organisational Development (POD) program offers tailored professional development and works closely with organisations to identify learning needs. Our approach is flexible and determined by what suits the organisation, so the program may include, for example, one-off workshops or follow-up practice seminars.
